Board Notes September 6, 2019

Executive Director Thoughts: Now is a great time to get involved in AASPA. We are growing and doing new things each month. AASPA needs your help. We are looking for Webinar presenters for the month of September. Our topic this month is Coaching Conversations, but we would be open to almost anything PK-12HR related. Webinars are a fun way to reach an audience without leaving the comfort of your office. What a great way to both grow professionally as well as give back to your peers. Consider presenting this month and contact Taylor@aspa.org for more information and to schedule your webinar today.

AASPA Elections are underway! If you are a current Active Member of AASPA, you should have received a ballot this week directly from me. Keep in mind, only current paid members can vote. If you believe you have missed your ballot be sure to let me know at Kelly@aspa.org.

Effective November 1st, the AASPA Executive Board has approved a membership dues increase. This will be the first increase we have had in over five years. Active membership dues will increase from \$195 to \$225; Institutional membership dues, which includes up to four members, will increase from \$425 to \$550. In the next few months we will be sharing this information with our members and nonmembers. If you have not yet renewed or have not joined AASPA we would encourage you to do so before prices increase.

Leon Bradley Silent Auction: We have been receiving some amazing packages this week slated for the Leon Bradley Silent Auction. But, we need more auction items and/or cash donations for the purpose of purchasing items. Show off your state pride and consider putting together a basket to place in the auction. Popular items include non-perishable food, art and of course wine. Please contact Taylor@aspa.org for more information.

HCLE/pHCLE Training & Certification: There is still time to sign up for the September 11th Virtual Cohort! The pHCLE training includes 64 hours of learning. Participants acquire a broad understanding of the key components of the human capital management systems. This training also prepares individuals to take the pHCLE certification exam.
